

Dear Investors and Invitees!

+50 per cent – this is the rate at which the EBITDA of AutoWallis Group improved in one year, which is all the more reason to meet up in person. It has become an autumn tradition for us to report on our recent results, developments and acquisitions, the current state of the industry, as well as our strategy and plans.

We are delighted to invite you to our Investor Day on 20 September where the management of AutoWallis and other renowned experts will appear in person to present our results and their background. During the speeches and discussions, our leaders and guests will share their insights on the operating environment of our Group operating in 15 countries, as well as industry trends. We will also discuss what further steps we are planning to take in such challenging times in order to continue making steady progress on our path to achieving our goal of making AutoWallis Group the leading car dealership and mobility service provider of the region by the end of the decade.

Topics:

- Results of AutoWallis in 2023H1
- Outlook for the Hungarian and regional car distribution markets
- The strategy of AutoWallis
- Presentation of an analysis of AutoWallis shares by Concorde Értékpapír Zrt.
